*This Kiwi favourite
will be the highlight
of your holiday...*

The boat is low to the water, which makes the experience intimate with the coast, the sea and the wildlife. It felt like we were part of the natural beauty of this area. Thanks so much. What a grand start to the day. I feel rejuvenated and taken care of. *Justine B*

Its the only way to see Hahei and learn everything it has to offer. The guides are super friendly and informative of the history of the land with interesting facts. For an hour trip it felt like three! A MUST when going to Hahei! *Mel*

Highly Recommended

Experience the magic of our first morning tour when the sea is at its calmest, the marine life awakens and the rising sun shines beautifully onto the volcanic coastline.

Departs 9am (during summer)

*"Thanks for the awesome tour guys. The calmness and peace of the sea at that time of the morning was unbelievable. We especially loved photographing the little blue penguin."
Regards John and Alice, Canada*

A photographer's dream

MARINE LIFE & BIRD WATCHING

Marine life is all around and can be experienced close up because the boat is right in amongst the natural scenery.

Truly a magical place

At high tide and two hours either side, the tour visits an awesome blowhole, venturing through a sea cave underground into a gigantic rock cylinder 80 feet high.

Narnia film location

Step aboard the Scenic Adventure Boat tour "Hahei Explorer" and visit the stunning scenery of the two film locations at Champagne Bay and world famous Cathedral Cove...
